

Right Way Credit Union

Right Way Credit union is a cooperative SME working within the geographical area of the West of Scotland.

Our core objective is to offer a safe place for our membership to save their money while simultaneously offering access to affordable credit via loans, to promote thrift in our community and to support the long-term financial stability of the membership we serve.

As a not for profit, we work within tight budgets but that doesn't hamper our ability to be innovative, reliable, and sustainable.

As a small team we work in unison to deliver a first-class service while also allowing each staff member the autonomy and flexibility to get on with their job.

Each staff member is a vital cog in the credit union machine and so everyone is encouraged to voice their individual ideas, to feel included and heard in the process and be part of the credit union development for the greater good of our members.

We believe in "people helping people" and working for Right Way Credit Union, you should too.
